

Subject:	SEASIDE logo
Proposal:	APAL's request
QUALICOAT resolution:	<u>Resolution No. 3/EC 31.03.2016</u> The EC asked the Specifications WG to include the use of the QUALICOAT Seaside logo in Appendix A1 of the Specifications.
Date of ratification:	24 November 2016
Date of application:	1 January 2017
Amendments to the Specifications:	<ul style="list-style-type: none"> - Additional text in Section 5.1.9 "SEASIDE" endorsement - Logos in Appendix A1

5.1.9 "SEASIDE" endorsement

If the coating applicator has applied for the "SEASIDE" endorsement, an inspection shall be carried out following the specifications as set out in § 3.2.1 or § 3.4. and a filiform corrosion test shall be carried out on finished products (2.19).

If the results of the inspection meet the requirements, the "SEASIDE" endorsement shall be granted. A specific QUALICOAT SEASIDE certificate shall be issued¹ stating that the coating plant installation is able to produce finished products that meet the SEASIDE requirements. [...]

¹ For the use of the QUALICOAT SEASIDE logo, see Appendix A1 § 5 and § 6

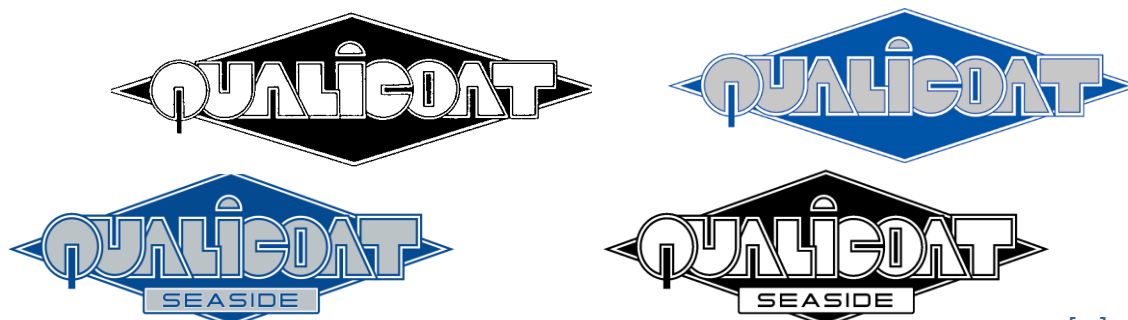

Appendix A1

5. Use of the logo by coating applicators and manufacturers

5.1 Use in general

The logo exists in black and white, in white and blue (PANTONE Reflex Blue CV; RGB: 14-27-141; CMYK: 100-72-0-6) and in blue and silver (PANTONE Silver 877u; RGB: 205-211-215; CMYK: 8-3-3-9).

The words "Quality Label for Architectural Coating on Aluminium" (or a text appropriate to national legal requirements) may be added in the space to the right.
