## 1. General Information

[...]

These Specifications form the basis for granting and renewing the quality label. All requirements in these Specifications shall be met before a quality label can be granted. In case of ambiguities or uncertainties in any part of the Specifications, clarification shall be requested from QUALICOAT.

~~The quality assurance representative in the company holding the label shall always have the latest version of the Specifications.~~

The Specifications may be supplemented or amended with update sheets that set out and incorporate QUALICOAT's resolutions until a new edition is issued. These numbered sheets will state the subject of the resolution, the date when QUALICOAT passed the resolution, the effective date and the details of the resolution. The quality assurance representatives in the company holding the label shall always have the latest version of the Specifications.

The licensees shall attend training programmes organised regularly by the General Licensee or QUALICOAT.

## 5. Licensing of Coating Applicators

This chapter specifies the procedure for granting a licence to a coater for one production site.

A preliminary inspection can be requested by the applicant but in this case the results cannot be used for granting the licence.

Training for staff of licensed coating plants is mandatory in all countries. This training shall be organised regularly by the General Licensees or QUALICOAT.

The procedures for granting and renewing a licence to coating applicators applying decoration are set out in a separate document available on the QUALIDECO website ([www.qualideco.eu](http://www.qualideco.eu)).
